Boats and Lake Rules

Please remember, that the State of Connecticut requires that operators of power boats be certified. Obtaining a certification involves passing a training course. This law applies to power boats used on our lake. Also, a Witches Woods boat sticker is required for all hard sided boats on the lake. This includes not only power boats, but sailboats, row boats, canoes, and paddle boats. The stickers can be obtained from Elmer MacCluskey at 56 Crooked Trail, telephone number (860) 974-2292, for the fee of \$5. Stickers will also be available at the Annual Meeting on May 19th. The stickers do not have to be replaced each year. The sticker is good for as long as it remains affixed on the boat. The purpose of the sticker is to identify that the boat belongs on Witches Woods Lake.

No boats over 18 feet in length will be allowed on the lake. Jet skis are prohibited from the lake.

No person shall operate a boat having a motor or engine of more than seventy (70) horsepower. This shall not apply to any boat having an inboard motor in excess of seventy (70) horsepower which has been operated on the lake prior to the adoption of this section. Any person violating these provisions shall be fined not more than \$100.00 by the Department of Environmental Protection of the State of Connecticut.

Boat speed on the lake will be restricted to a maximum of 25 MPH at any time. In addition, no person shall operate a powerboat in excess of five (5) MPH between the hours of one-half hour before sunset and 9:00AM on Monday through Friday; and one-half hour before sunset and 12:00 noon on the following day in the case of Saturdays, Sundays and Holidays. Any person violating these provisions shall be fined not more than \$100.00 by the Department of Environmental Protection of the State of Connecticut.

Road Safety

The laws governing road use for the State of Connecticut also apply to the roads around Witches Woods Lake. Only registered vehicles driven by licensed drivers are allowed on Witches Woods Lake roads. Please observe the speed limit of 15 MPH.
