

**Witches Woods Tax District  
Board of Directors Minutes  
September 4th, 2024 6:30 pm**

**Members met in person at the home of Bill and Susan Breslau**

**Members Present:** Mike Moran, Phyllis Bonneau, Ray Bonneau, Bill Breslau, John Barber, Steve Leibowitz, Shari McCarthy, Dan Cammuso, Anna Barrasso.

President Mike Moran opened the meeting. A motion was made and seconded to approve board minutes from last month.

Lake resident Grace Baril was given time in front of the board to bring forward to the members her concerns for the lake. Grace provided documents and minutes from her time on the board and expressed several concerns regarding the welfare of the lake including whether or not the rules and Covenants of the Lake District are sufficient and further are they being properly enforced. As an avid swimmer Grace is concerned that residents on the lake are contributing to the excessive growth of nuisance grasses in the lake, making it difficult for swimmers to safely enjoy laps in the lake. Beyond fertilizer use, Grace is concerned that residents are not respecting property lines and storm drainage/easement lines that should be free and clear of plantings and mulch that will clog the waterway. She stated the paved area on Crooked Trail is also of concern as she believes it contributes to the runoff and is in direct opposition to the recommendations in a prior lake engineering study. The Board thanked Grace for bringing these concerns forward, restating that we are only the current board members, all volunteers, but that with her help we would look to find previous records of the multiphase engineering study and take her concerns under advisement. Grace then chose to stay for the remainder of the meeting as an observer.
